Dear Cllr. Harvey,

I have been in touch with Calvin Richardson today, whose name is probably familiar to you because of your original correspondence. He is an Area Manager, and is also Winter Maintenance Manager at TfB.

I think the information he gave me will be similar to Warren Whyte's response to you over the decision making process for gritting routes. I can only apologise for the fact that we were unable to respond to you directly sooner — as I said in my message to you via Facebook, I think it's possible that as your original point of contact, Janet Begley, has now retired, your concerns simply fell through the gaps. We try our hardest to give answers and clarifications to anyone who contacts TfB, be they residents or councillors.

Calvin Richardson's response to me today was:

We have been promoting through the Local Area Forums (LAF) over the last 8 months both in person and through our LAF reports that 'There will be no change to our priority routes this season. We are planning to carry out a full review of both the primary and secondary routes in 2016. This will be derived from information gathered over the last 3 years from both our weather stations and from Thermal mapping imagery. Members will be asked to review the final draft which we are proposing to have available by early Spring 2016' This has been communicated to Cllr Warren Whyte, elected member for Buckingham, and a meeting to discuss any proposed additions/ omissions within his constituency will be arranged during the 2<sup>nd</sup> quarter of this year.

As it currently stands we carry out precautionary gritting on 1427km (44%) of the entire Buckinghamshire road network. As a county we provide one of the highest levels of gritting services in the whole of Britain.

These designated routes are included on a risk hierarchy basis and include ALL of the primary A&B classified roads and other strategically important C & Unclassified roads. Network selection takes account of traffic flows, route topography, bus routes (school & public), adjacent key facilities, community links, previous salting regime, efficiency and practicality.

We currently complete the required 1427km of gritting using 25 spreaders. Routes for each of the spreaders are optimised taking into account local features/ traffic hot spots and the ability to cover the route within the statutory 2.5 hours taking other factors in to account such as driver hours. To grit all of the roads in Buckinghamshire we would require 50+ spreaders, 100+ HGV drivers and a budget in excess of £2.5 million.

If we are to change any of the current roads included in the plan it will have to be in a '1 in 1 out' basis as there simply is not the capacity to add any additional roads which would have to be with the agreement of both BCC and the locally elected county councillor.

I notice you were also asking about the possibility of acquiring more salt bins for the area, so that residents may address frozen roads themselves. You have probably already searched the <u>website</u> for information about acquiring new salt bins, but I have copied the relevant portion for you below:

Transport for Buckinghamshire will consider requests for new salt bins at known trouble spots on the public highway, although funding for new salt bins will need to be provided externally.

All salt bins supplied by TfB are to the current approved standard. Where possible, all agreed works concerning salt bins are undertaken within 14 days from receipt of payment.

This year we are offering a 'buy one, get one free' deal to parish councils and schools for them to purchase tonne bags of salt to use at their discretion. If you are a school or parish council and are interested in taking up this offer, please call or email us.

For more information call  $0845\ 2302882$  or  $01296\ 382416$  or email  $\underline{tfb@bucksec.gov.uk}$ 

However, I am also going to get in touch with the Local Area Technicians (you may be aware of them, Dave Smith and Matt Whincup) for Buckingham and talk to them about the protocol for salt bins, as I feel they may have some wisdom to offer on the issue. I have tried calling them this afternoon but they are both out on sites, hopefully they will be able to get back to me on Monday,

as I would like to be able to offer you a more helpful resolution to something which obviously is of great concern to you and your Parish's residents.

I'm sorry I couldn't be of more use to you today, and I apologise again for the failures in the chain of communication, which must have been extremely frustrating to you.

Kind regards,

- 1. Apologies: Paul Holton, AVDC Ecologist
- 2. Ruth agreed to take notes.
- 3. Notes of Meeting held on 20 July 2015, were agreed as a correct record.
- 4. Matters Arising from previous meeting none all on the Agenda.

#### 5. Buckingham Railway Walk Conservation Group

Jenny thanked the Town Council for paying the group's insurance.

The working group had not taken place in November due to heavy rain. The group had lovely name plates for labelling some of the trees in the Railway Walk, and Jenny showed a sample label to the meeting. The group now had 70 followers on Facebook. Jenny would be retiring from her employment soon, so would have more time. The group were meeting again in the new year. Jenny reported that there were two leaning trees behind the pond, and the Hawthorn. Lee would look at them in his next tree survey.

#### 6. Maids Moreton Avenue Conservation Group

Bill reported that the group's work was mainly litter picking. There was too much cow parsley on the Avenue to allow the other plants to grow through. Bill had not found out who had felled the large Ash tree, but Ian Hopcraft who had retired as Arboreculturalist for AVDC had been in touch and wanted to help the group with their work and would be joining the session this Saturday. Bill reported that the path had settled down a lot and seemed to be working well, and surprisingly the path was no longer muddy. Ted still had concerns about the path but overall we agreed to give it a bit longer to bed down and see how it works. Bill was concerned about the lack of a green spaces team at AVDC and what that may mean to the Orchard and the mowing contract. Bill confirmed the Mistletoe was still growing. Bill agreed that it would be helpful to have a current management plan for the area, and long term it was felt to be preferable for the Town Council to manage the area. All were still keen for the fence to be moved at the top and Bill pointed out that the Child Protection argument was weakened by the fact that the forest school use of the area brought the pupils closer to the public. Ruth would chase up Joyce Rance and Warren Whyte.

#### 7. Bourton Park, Heartlands and Chandos Park

Lee reported that he was still working on the ponds system project, but the fish passage was on hold pending further discussion with the Environment Agency. There would be a pond dipping area and the wooden Otter sculptures needed replacement. It was planned to replant the Bourton Park riverbanks where the Himalayan Balsam had been exterminated, with bee friendly wild flowers.

The river bank in Chandos Park would be repaired with a floating basket system at a cost of £30.000, to be agreed by the Town Council's Environment Committee later that evening.

#### 8. Buckingham Canal Society

Athina reported that there were no problems with the canal leaking. There had been lots of positive feedback on the aquatic planting. The canal needed topping up with water in the summer and it was planned that there would be a solar pump, and quotes would be sought. The land owner had kindly assisted with digging the trench and the pipe chamber next to the Ouse.

The Hyde Lane site had received a WREN grant to improve the towpath, and were hoping to put water into that section of the canal and seeing whether it holds water, by damming both ends. Athina reported that their Cosgrove Arm project had just one the best group in the South East award and was warmly congratulated.

#### 9. Buckingham Society

Ted's items had already been covered under Maids Moreton Avenue.

#### 10. Wildlife update from AVDC - Paul Holton AVDC Ecologist

- Coronation meadow creation at Heartlands. Paul had been working with Plant life to establish a coronation flower meadow in Buckingham. The area we hope to establish is at heartlands in the fenced area which currently has a conservation cut. We hope to be getting green hay from a BBOWT site and lay it out in the summer of 2016. Some preparatory work will be required on site to help the seed establish. This will become Buckinghamshire's coronation meadow there has been a drive to establish a new wild flower meadow in every county in England so hopefully BTC see this as quite a coupe that the town rightly has the county's representation. I will have more details in the new year and would like to meet with you to discuss further early in the new year.
- Otters and water vole continue to be present on the river in the town. I have volunteers
  spotting and some land owners involved in mink control numbers of which seem to be
  reducing over the last few years. Perhaps a reflection of the otter establishing a presence.
- Continued support to Buckingham Railway Walk group. I hope to run another bat and newt evening which we missed in 2015 sometime in April or May. VCV link up with this group and provides extra capacity to work on the ground.
- Buckingham sand pit continued link with Oxford University to rekindle open days which have now not happened to the general public for some years.

Paul is the lone survivor in a major shake-up in the green spaces team at AVDC. Paul now sits in the planning department as the Green Spaces is no longer in existence. All the officers from this team have been made redundant or retired and have not been replaced. Paul now sits in the planning department with core responsibilities for planning applications. Paul is still to have confirmation of what capacity he will have regarding non planning related conservation schemes. He will be fighting hard to retain the few days a week he is working on these projects. Paul hopes to maintain input to the Town Council. Next year is a really important with the coronation meadow and trying to expand the otter and water vole projects so members agreed to support Paul in his plight to councillors and senior staff at AVDC. We further agreed to ask the Town Council's Environment Committee to support this.

#### 11. AOB

All were thanked for all the work they were continuing to do for Buckingham's Environment and Green Spaces.

#### 12. Date and time of next meetings

Monday 4 April 2016 at 6pm, and Monday 18 July 2016 at 6pm

# Milton Keynes Clinical Commissioning Group

#### 15 February 2016

## Sent on behalf of Nicola Smith, Chair of NHS Milton Keynes Clinical Commissioning Group (CCG)

I am emailing to announce the start of the NHS Milton Keynes CCG public consultation on the future of the urgent care walk-in service at Broughton Gate Heath Centre. The public consultation will last for 12 weeks from Monday 15 February to Monday 2 May 2016.

We are keen to make sure that services for local people offer the best care possible, in the most appropriate place, at the right time.

Alongside wider work in progress to look at the way we provide healthcare services in Milton Keynes, we have been looking at how we can integrate Urgent Care and GP out-of-hours with the local A&E department to deliver a better urgent care service.

The vision for urgent and emergency care provision must be for a system that is as straightforward as possible, with patients aware of and able to access appropriate high quality clinical care and support at the right time and in the right place. By integrating urgent care service into a single point of access, urgent care services will be easier to navigate meaning that patients will see the most appropriate clinician at the right time.

We are also thinking about the walk-in service that is part of the GP-led health centre at Broughton Gate. The contract for this service will expire later this year so we want to think about what kind of walk-in service local people would like in the future. This includes where the walk-in service is, and what hours it is open.

The GP services provided at Broughton Gate health centre will remain as they are now; it is only the urgent care walk in service that is being reviewed.

It's really important that we understand local people's views when we make decisions about the future service. You can have your say online at:

## www.miltonkeynesccg.nhs.uk/improving-urgent-care-services-in-milton-keynes/

Printed copies of the consultation document and questionnaire will also be available and we expect to distribute them to GP surgeries, and a range of community settings over the period of the consultation. The consultation survey has a Freepost return address.

Public meetings will also be held during the consultation period where people can meet with health leaders and discuss their views. There is no need to register for the drop in events, just turn up between the hours of 3pm and 6pm to one of the following venues:

- Tuesday 8 March 2016 at Milton Keynes Christian Centre, Strudwick Drive, Oldbrook, Milton Keynes MK6 2TG
