10. Swan Pool Car Park Charges – Motion from Cllr. Harvey

In line with previously agreed Town Council policy, and on the understanding that AVDC will soon be initiating a statutory consultation on the introduction of parking charges to a part of the car park next to the Swan Pool (and school etc.), and towards being an 'evidence based council', to request the Clerk organises some 'spot check' research into the availability of car parking spaces over at least a week or possibly a fortnight period at known peak usage times. (The purpose of this research being to ascertain the scale of the difficulty / ease by which users of the car park – including users of the Swan Pool – are able to find places to park – so that we can include this analysis in our response the AVDC statutory consultation.)

11. New Homes Bonus – Motion from Cllr. Stuchbury

The forthcoming New Homes Bonus, when applied to Buckingham, could result in around £7 million pounds being raised over the next 20 years if 1,000 new homes are built as currently planned. I therefore propose that Town Council Officers enter into negotiations with AVDC on the New Homes Bonus, in order to facilitate influence by Buckingham residents on the infrastructure priorities within the town. I further propose that the Town Council approach other town and larger parish councils within Aylesbury Vale about working together, in a spirit of Localism, to determine Vale-wide infrastructure improvement priorities; and that this Town Council write to Cllr Neil Blake at AVDC inviting him to meet and discuss how New Homes Bonus funding may best be allocated.
