Welcome Packs

1. Recommendations

1.1. It is recommended that Members continue to supply welcome packs to new residents of Buckingham through local estate agents.

2. Background

2.1 We currently supply welcome packs to Russell & Butler, Connells, Leaders and Alexander & Co and I have emailed all of them asking how this process is going and whether they are happy to continue supplying the welcome packs on our behalf.

The replies received include:

“We have managed to give all the welcome packs you have supplied so far out to local residents.”

“We have given them to new residents and no one has refused them.”

“I think it is a good idea for you to keep supplying them and we are more than happy to hand them out.”

2.3 Each estate agent was initially given 50 welcome packs and then some requested more as they were very popular. A total of 250 welcome packs have been supplied and 220 of those welcome packs have been received by new residents and homeowners. This is considerably more than the previous distribution rate of around 150 a year.

2.2 I have also contacted the three other estate agents in Buckingham who aren't already involved in this process to see if they would like to start supplying welcome packs to new residents. They have not yet responded.

Revised Buckingham Banner Policy 2022

1. Recommendations

1.1. It is recommended that Members **AGREE** to the revised Banner Policy.

2. Background

2.1. Since the return to public events and activities after Coronavirus restrictions there has been a steady rise in the number of enquiries the Town Council receives about using banners to advertise in the town centre. Currently, we are receiving 15-20 a month, although not all go ahead with booking a slot.

2.2. Since this return to normal, groups and businesses are indicating confusion about the current policy, which is available online: www.buckingham-tc.gov.uk/our-services/banners including around who is able to book a banner slot and why.

2.3. There has also been a corresponding increase in the number of organisations and businesses putting banners up in the town centre without permission.

2.4. The revised banner policy aims to answer the most common questions and to put in place firmer rules around the maximum number of banners and bookings organisations can have, allowing all local events fair access to banner slots throughout the year.

3. Budget

3.1. There are no budget implications.

4. Environmental Impact

4.1. The new Banner Policy asks that reusable banners and cable ties are used, and gives advice about how to do this, with the aim of reducing the amount of single use plastic being wasted.

Version: 1.1

Policy and criteria on the display of Banners

Buckingham Town Council may remove any banner which does not have permission for display from Buckinghamshire Council or (within the town area) the Town Council.

Policy on the display of banners in Buckingham town centre:

Banners may be used to advertise local events on the railings of the town centre in Buckingham, where they are not a traffic hazard both in themselves or by causing drivers to slow or stop to read them. Banner slot bookings are free, but permission must be given by the Council.

1. How to ask permission for a banner to be displayed:

- 1.1. To enquire about availability and booking of a banner space, please contact Bethanie Dowden at: admin@buckingham-tc.gov.uk or on 01280 816 426.

2. What kind of banners can be displayed?

- 2.1. Requests will only be accepted for banners that promote local events that take place in the parish of Buckingham. Events are defined as one-off occasions, for example: a concert, theatre performance, sponsored race or non-profit open day.
This does not include:
 - 2.1.1 Advertising for any event that takes place outside of the parish of Buckingham. Being of general interest to the area is not considered to 'within the parish boundary' without a specific local location.
 - 2.1.2. Commercial advertising, including special offers/business open days or for recruitment. Commercial advertising is subject to planning permission via Buckinghamshire Council.
- 2.2. Banners must be of good quality, waterproof, fixed securely with reusable cable ties and should be able to be read easily and quickly. The maximum size for banners is:
 - 2.2.2. Cattle Pens: 6ft x 4ft
 - 2.2.3. Old Gaol: 6ft x 3ft
- 2.3. Environmental requirements:
 - 2.3.2. Where possible, banners should be reusable, and should be fixed securely to the railings using reusable cable ties or rope. Weatherproof stickers can be used to change the dates on old banners.

2.3.3. When buying a banner consider buying recyclable or otherwise environmentally friendly options.

3. Poster Policy

- 3.1. Under the same criteria as banners in policy 2, ie that they must be for local events, posters can be displayed in the Town Council noticeboards.
- 3.2. To take part, please print and laminate eight A4 posters for your event, and drop them off at the Town Council offices before 5pm on Thursday each week.
- 3.3. Posters will be displayed no more than 2 weeks in advance of the event.
- 3.4. Space is limited, and posters will be displayed on a first come, first served basis.

4. Where and when can banners be displayed?

- 4.1. The Cattle Pen railings opposite Cornwalls Meadow Car Park, and the railings by the Old Gaol entrance.
- 4.2. A banner display can only be booked for one week at a time, or for two weeks where one week is at each location.
- 4.3. A maximum of two banners at each location at one time will be given permission.
- 4.4. Banner slots are available a maximum of six months in advance and will be distributed on a first come, first served basis.
- 4.5. Groups who make multiple requests for banner slots will be limited to two, two-week bookings per six months.

5. Who is responsible for the banners?

- 5.1. The person booking the banner slot is responsible for putting up and taking down their banner.
- 5.2. The Town Council takes no responsibility for the security of any banner while in place. Where a banner is removed by the Council, under policy 6, appropriate care will be taken.

6. What happens to banners displayed without permission from Buckingham Town Council or Buckinghamshire Council?

- 6.1. If possible, the owner will be contacted and asked to remove the banner within 24 hours.
- 6.2. If the banner is not removed, the Town Council will remove the banner. Any banners removed will be kept for two weeks and then disposed of as the Town Clerk or authorised representative of the Town Council decides.

Online Updates Annual Review

1. Recommendations

1.1. It is recommended that Members note this report.

2. Background

2.1. In August 2021 it became apparent that the email newsletter system we were using could not cope with the number of subscribers, and this was causing technical issues. A number of other platforms were tried, all ultimately not right for the Town Council. The email newsletter was suspended in January 2022.

2.2. A new email newsletter system will begin when the new website is launched. In the meantime, a shortened version of the newsletter is circulated to Councillors fortnightly.

BUCKINGHAM TOWN COUNCIL
BUCKINGHAM TOWN COUNCIL WEBSITE ANALYTICS
29th May 2021 – 29th May 2022 (Year 7)
COMMUNICATIONS STRATEGY GROUP

Contact Officer: Mrs Louise Stubbs, Communications Clerk

In 2021 Apple introduced a new update for their device users operating systems which, as default, limited the data that was shared about them without the user deciding to ‘opt in’. This has led to a number of difficulties for analytics software. For example,

Page Views (overall and unique) have risen 33% since the 2020-2021 period. However, the number of unique page views appears to have dropped – this is likely due to uncaptured data about individual first website visits from those using Apple devices.

The most popular days to visit the website have returned to a traditional pattern, with the highest peaks around significant events including the Bonfire & Fireworks display in early November.

Sessions ▼ VS [Select a metric](#)

Hourly Day Week Month

Most popular pages comparison

The analysis of top 25 pages over the last three years shows a wildly changing picture. Much of this is due to coronavirus. The high level of interest in our parks and green spaces during lockdowns has dropped down – by comparison, the events pages have returned to being our most popular pages in 2021/2022. Despite the changes over lockdown, both website sections are now receiving just under twice the number of page hits they were achieving in 2019/2020.

The Markets and Lace Hill Sports & Community Centre are both also performing strongly, with rises in page views of 30% and 92% respectively. New additions to the website this year, including pages about flooding and volunteering have performed broadly in line with expectations, both making it into the top 25. While pages focused on local history had a fall in interest.

The number of users sharing demographic information with us is currently around 25%. This is too low to be representative with certainty. Gender and age of user trends are largely the same as the previous two years, although it doesn't indicate a small drop (around 3%) in over 65s accessing the website.

Technology used to access the website has had a much more significant change, with notable declines in desktop and tablet website users, and mobile users now accounting for more than 60% of our website users. Designing the website to work well on mobile first is a continuing priority.

The website is currently in the process of being redeveloped, with updates being given as frequently as possible.

Discover Buckingham Website Analytics: May 2021 to May 2022 (year two)

The Discover Buckingham Website has performed strongly in its second year, with annual page visits rising from 17,000 in its first year to 45,000 in the second year.

The majority of site visits were from users in the UK, with dozens of countries visiting the website, however the number of visitors from abroad has remained broadly similar to last year at around 15%.

There was some change in the countries most interested in Buckingham, with China and Koreas numbers falling, while India and Ireland rose.

There is good evidence that the Discover Buckingham website branding is performing well, with rising numbers of visitors coming to the website through search results or social media links. Within social media traffic, Facebook performs most strongly.

Social Media exceptions report January – May 2022

1. Recommendations

It is recommended that Members note this report.

2. Background

During 2020, Officers revised their approach to social media content. All campaigns are now categorised as high, low or medium importance, with differing targets for each. The full details of how progress with our social media is assessed are available in report **CSG/130/20**.

Members requested outlier reports on any particularly high or low performing content at each meeting. (min. 702/21)

3. Exceptions report January – May 2022

A number of projects were run in the January – May 2022 period. Almost all met their internal targets.

Particularly high performing:

3.1. Food Fair

The Food Fair more than doubled its reach target, with particularly high engagement around the Foodie Maps before the event and the best dish contest after the event. Traders feedback stated that they were extremely happy with the marketing of the event.

3.2. Spring Green Fair

The Spring Green Fair reached more than four times its target, with highest engagement around the wildflower seed giveaway.

3.3. Grass cutting & Wildflower planting initiatives

Posts about No Mow May reached more than 20,000 people, well in excess of its 350-700 target. Despite this success, a slightly different tack will be taken next year to ensure the different grass cutting approaches in the area are clearly explained.

- 3.4. Other high performing press releases online included: 27th anniversary of the Tourist Information Centre, Buckingham Support for Ukraine community meeting and the post box to be installed at St Rumbold's Fields.

Lower performing Projects:

- 3.5. Annual Town Meeting
The Annual Town Meeting did not reach its targets as an anticipated high-level event. There was less interest in the Climate Emergency Action Plan themed event online than anticipated, and although a number of techniques were tried to improve reach (including video) interest was ultimately low. However, awareness of and attendance at the in-person event itself were good. For marketing purposes, it is not recommended that the Annual Town Meeting has a singular theme in the future, as this limited our reach.

Officers involved in creating the content this quarter were: Communications Clerk, Committee Clerk, Office Apprentice, Events Coordinator, Lace Hill Centre Manager / Town Centre Manager and Markets Manager.

YouTube Report 2022

1. Recommendation

It is **RECOMMENDED** that members note the report.

2. Background

The Buckingham Town Council's YouTube channel has been primarily used to live stream and retain the Council's Committee meetings as part of maintaining public access during Coronavirus. The YouTube channel has now been live for two years and exceeded expectations regarding numbers of content and subscribers.

The table below shows the average views and subscribers gained on the different committee meeting videos from the end of June 2021 till present.

The channel has also been the platform to advertise many events during and since the pandemic. Events that have been advertised on YouTube since July 2021 include NHS Social Care and Frontline Workers Day, Celebrate Buckingham Day volunteers, Otter Auctions, Christmas poems and messages created and recited by The Mayor of Buckingham, Revd. Tim Edworthy and current Bard of Buckingham, Sami Tite.

3. Analysis

The following chart shows the amount of channel views, watch time and subscribers over the last year. Over time, this can help us to spot high performing videos, anticipate changes and determine when to upload new videos as well as understand what type of content made people subscribe or unsubscribe from our channel. Since last year, the number of views has risen, however prior to this there were clear rises related to online events, including the Christmas Lights Switch On.

Top videos

Video Title	Views
Sunset Bugle Call	3
Buckingham Town Council M...	1
Volunteering in Buckingham - ...	0

Full Council meetings have had the highest number of views during this period with an average of 88 views. Views were higher during this period for Full Council meetings due to controversial topics. The Town Centre & Events Committee remains the most viewed committee with an average of 49 views. The Planning committee is the second most viewed committee with an average of 39 views and following closely behind is The Environment Committee with an average of views 38 views. The Resources Committee remain steady with average of 34 views.

Videos of events and other event related content are still some of our most popular videos.

We also plan to expand on our content by posting more videos on important topics like flooding.

There was a drop in viewer numbers around November 2021 and it is suspected that this is due to a change YouTube has made.

Certain committee meetings have very high viewer numbers due to the content of the meeting, for example meetings where equality and diversity were discussed. The top video on our channel this year is a meeting of Full Council with 361 views, that took place on Monday 12th April 2022. This video has also had the most impressions made (1,563).

Most of our current audience are aged between 25-34 at 50.4% which has slightly decreased since the last period. The next age group was people aged 18-24 at 39.5% and then in third place, people aged 55-64 are at 10.1%.

Overall, the analysis shows that males account for 96.6% of the audience for our videos whereas only 3.4% of females tune in. During this period, 73.7% of viewers who watched

our videos were not subscribed and 26.3% of viewers who watched our videos were subscribed so a push on getting viewers to subscribe to our channel would be the next step. Facebook would be ideal to do this on as 31.5% have viewed our channel via this platform.

No comments and only a small number of likes are apparent across all videos.

There are currently 148 subscribers to our YouTube channel. The rate of new subscribers being acquired throughout the year has remained steady and we hope to continue this moving forwards. We briefly used a new feature called YouTube Shorts to advertise the Otter Auction and we hope to explore and use this feature more in the coming year to gain subscribers attention and increase our following.
