### DISCOVER BUCKINGHAM WEBSITE BUSINESS FORM

The Buckingham Tourist Information website promotes the Town and its businesses. The website includes practical guides for visitors, blog posts, information about shops, attractions, where to stay, dining, what's on in and around Buckingham etc.

We would very much like to include a 100-word section on your business. This is completely free and at no point will we ask for any money for additional services. This is purely about working with you to promote Buckingham to visitors.

We will need a good quality photograph of your business (we would prefer the images to have people in them, not just a shop front. If you need help with this then please ask and we will arrange for someone to come to your business to take a photo). We will also need up to date contact details, address and opening times, and website URL.
