### **Budget Overview**

### 1. Recommendations

- 1.1. It is recommended that Members agree to send the attached budget to the precept meeting.
- 1.2. It is recommended that the precept meeting be asked to choose from ether option 2.1. or option 2.2.

### 2. Options

- 2.1. That the total funding requirement for 2024/25 to be levied on Buckinghamshire Council be set at £1,262,480. Which is an 8.61% increase and rises a band D property from £208.74 to £226.71 an increase of £17.97 a year.
- 2.2. That the total funding requirement for 2024/25 to be levied on Buckinghamshire Council be set at £1,230,480. Which is an 5.85% increase and rises a band D property from £208.74 to £220.96, an increase of £12.22 a year.

### 3. Information

- 3.1. There is a predicted underspend this year of £33,559. This has mostly been achieved as income is predicted to be £155,462 more than budgeted for. This is due to maximising interest and applying for multiple grants.
- 3.2. This budget has been prepared with an expectation that the recommendations in the confidential staffing budget are agreed.
- 3.3. Wages are the largest part of our budgets and are hard to predict as the payrise has not been agreed. This budget has been prepared based around a 6% pay rise. However, the actual increase is generally greater than 6% as a number of staff will receive increment rises. Pension and NI increases are also not uniform as the percentages are different dependent on each staff members circumstances and age. It is anticipated the council will need to provide for long term sick which is detailed in the confidential report.
- 3.4. This year, the Council Tax base figure provided by Buckinghamshire council has decreased by 10.35 to 5,568.69.

3.5. Each committee has seen and agreed its budget although there have been a few minor amendments as more information has become available.

### 4. Spending summary table.
