**Precept Report****1. Recommendations**

- 1.1. It is recommended that Members agree the attached budget for the 2025-2026 financial year.
- 1.2. It is recommended that the total funding requirement for 2025/26 to be levied on Buckinghamshire Council be set at £1,307,690, which is a 5.58% increase and rises a band D property from £220.96 to £233.28, an increase of £12.32 a year.

**2. Information**

- 2.1. Each Committee has already scrutinised and agreed to their budget for the next year, except for salaries, NI, and pensions, which were agreed by the Resources Committee.
- 2.2. There is a predicted underspend of £28,922 on the Resources budget this year. This has been predominantly caused by an estimated £23,000 in additional interest income. It is recommended to use £28,000 towards the 2025-2026 budget in order to keep the precept increase as low as possible. The details are included in the attached budget sheet. It should be noted that these figures are estimates and there are still two months of the financial year to go. However, Buckinghamshire Council require the precept requirement before the end of January.
- 2.3. Wages are the largest part of our budgets and are hard to predict, as staff pay is not agreed until later in the year. The past three years have seen variable pay deals with lower-paid workers receiving a larger percentage pay rise. This budget has been prepared with an estimate of 3.2% across the board. However, some staff will receive incremental increases, and other posts will be filled at the beginning of the pay band. Increases to NI have been accounted for.
- 2.4. There are also some underspends on salary, NI, and pensions predicted for this year most notably. This is due to the office having been short-staffed throughout the year. This budget has been prepared in expectation that a future recommendation will be agreed that those underspends (when known)

will be moved to an earmarked reserve to help buffer unexpected events.  
This has allowed for a tight staffing budget to be produced.

2.5. This year, the Council Tax base figure provided by Buckinghamshire Council has increased slightly by 36.90.

2.6. Each Committee has seen and agreed its budget although there have been a few minor amendments as more information has become available. No changes have been made since this budget was agreed by Resources.
