* Decision (verbatim):

Refuse The following work is not considered acceptable and is hereby refused.
Walnut (T1) - Reduction by approximately 1m in height and 1m to 3m laterally to provide approximately 2m clearance from the property.

Reason: The proposed extent of reduction is excessive and would result in an unbalanced crown and loss of natural form. Walnut trees respond poorly to heavy pruning; therefore, works should be limited to the minimum necessary for clearance to avoid stress and decline.

Consent Walnut (T1) - Crown reduction limited to achieve up to 2m clearance from the building (southwest) side only; reduction of the opposite side of the crown (northeast) and height by up to 1m; and crown lifting to no more than 3.5m above ground level. All pruning to suitable growth points in accordance with BS3998:2010.

Yew Group (G1) - Crown lift to achieve approximately 4m clearance above the access road; reduce lateral growth over the road by 1 to 3m to ensure overhang does not exceed 1m; and ring ivy on all trees to prevent further establishment. Reason: To enable necessary clearance from buildings and the access road while maintaining a balanced form and preserving the trees' health and amenity value. Works are restricted to an appropriate level in accordance with good arboricultural practice; in particular, pruning of the Walnut is limited as the species does not tolerate heavy reduction.

145/26.2.1 Members noted the response from the Enforcement Team East Anglia (West) regarding Tingewick Road waste dump (Min 40/26.2) email received 1/6/26

Members will remember that a planning application for this site was considered at Full Council on 6th July 2026

Response from **Enforcement Team East Anglia (West)**:

I refer to your email of the 28 May concerning the waste that has been tipped at Unit H on Tingewick Road Industrial Estate.

Following the report from the Council to our Incident Communication Centre at the beginning of March; I emailed the Council with an overview of the work the Environment Agency had undertaken to date to stop the importation and require the tenant to clear the waste from the site.

The Environment Agency served an Enforcement Notice on the tenant on the 6 March, which required all the waste to be removed from the site by the 30 April. An Enforcement Officer attended on the 30 April and identified that the tenant had not cleared the waste as required and had vacated the premises. The Environment Agency is now concluding its evidence collection and will be sending a file to our legal department for consideration of the appropriate enforcement action in respect of the storage of waste and non-compliance with the Notice.

Responsibility for clearing the waste now falls to the landowner; we have notified the Company that owns the site that this is the situation. If residents are impacted by odour from the waste we encourage them to report the details to our Incident control centre on 0800807060.

Mrs. Cumming suggested Moreton Rise but there was no seconder. Cllr. Davies Proposed, Cllr. Stuchbury Seconded and members unanimously **AGREED** that this Council submits a recommendation for the cul-de-sac to be named after John Roberts.

150/26 Matters to report

150/26.1 Mrs. Cumming reported that there was damage to the wall of the bridge on London Road. Members wondered whether traffic calming measures should be introduced, or increased signage as this wall has been damaged before very recently and is a listed structure. The Planning Clerk will send a photograph to the heritage officer and report this to FixMyStreet.

ACTION: PLANNING CLERK

150/26.2 Cllr. Haydock reported 2 fallen branches on the path that goes out of Bourton Park that leads over the bridge and underneath the bypass. The FixMyStreet system makes it hard to report as it isn't a street.

ACTION: PLANNING CLERK

150/26.3 Cllr. Stuchbury reported that the circular walk on Riverside Walk is now impassable due to undergrowth overgrowing the path and it needs some maintenance and is a public right of way.

ACTION: PLANNING CLERK

151/26 Chair's announcements – for information only

It was reported that at the Planning Meeting of 15th June, Members had looked at 23 Bridge Street and the application to subdivide the unit into two. Members had been concerned that there weren't facilities for one of the units. The Planning Clerk had received an email from the agent on this matter confirming that both units will have the use of and access to a WC and kitchenette: Unit 1 on the ground floor and Unit 2 on the first floor. Due to the small size of the units, no separate fire escape is required.

152/26 Date of the next meeting: Monday 17th August 2026 following an Interim Council meeting.
